GOLF CLUB HAS AUSPICIOUS OPENING

Experts Pronounce Links One of Finest In State—Members Are Enthusiastic

An important event in the progress of Richmond was the formal opening of the local golf course Tuesday afternoon. When the time arrived for the first drive the fans could hardly wait to go. The final touches had been put on tees, greens, fairways and equipment during the morning and the course was in fine condition. Before the opening the membership of the club had almost reached one hundred which is a phenomenal start toward making the Richmond club a permanent asset to the city and community.

President Deatherage presided over the informal ceremonies preceding the starting of matches, presenting in turn Dwight W. Pendleton, of Winchester, who was the special guest of the club, Homer W. Carpenter, who piloted the organization of the club, Hart Perry, chairman of the greens committee, and Mr. Brandenburg, of Dayton, Ohio, professional, who arrived Monday to start the players going and train those who have never played.

President Deatherage presented Col. H. B. Hanger, who discussed the need for a shelter house, naming, with him, the following members of a committee to take up the matter of construction immediately, Harvey Chenault, R. J. McKee, Louis Dumbar and H. B. Hanger.

The honor of driving the first ball went to Miss Emma Watts, who has been one of the leading spirits in setting up the course and who made a gift of the greens and tee equipment. Harvey Chenault and Miss Watts led the matches around the course. Some 30 or 40 players have already been on the course and all pronounce it a wonder. Mr. Pendleton, who has been responsible for the development of the Winchester course, led the scoring playing the course in 48—this with strange clubs and without having been over the course. He was enthusiastic over the prospect of one of the best courses and clubs in the state.

Mr. Brandenburg professional golf instructor, began instructing Tuesday morning. He will give lessons daily at the grounds. Arrangements should be made through officers of the club or with him personally.

The constitution and by-laws of the club were adopted by the board of directors in a meeting preceding the official opening. An open season of 30 days was provided in which members of the club may invite prospective members to play on the course.

Ground rules have been adopted as follows:

1. Golf is played in two-ball, three-ball and four-ball matches.

2. A single player has no priority on the course, a two-ball match has priority over a three-ball match (or more) a three-ball match has priority over a four-ball match (or more).

3. Players looking for a lost ball, after five minutes, must permit the match behind to go through and refrain from continuing play until the other match is out of range.

4. No player should play a ball until the match ahead has had two strokes.

5. A ball must be played from where it lies unless otherwise provided in local rules.

6. A ball must be considered to have been played and one stroke counted whenever it is moved from the position.

7. The ball farthest from the hole shall always be played first.

8. When a ball is driven out of bounds, the player shall drop another ball and play it with one stroke penalty.

9. The honors of playing first at the first teeing ground shall be decided by lot. The side which wins a hole shall take the honor at the next teeing ground. If the hole is halved, the side which had the honor at the previous teeing ground shall retain it. The winners of a match shall have the honor in opening of a new match.

10. In matches partners shall strike alternately from the tee-

ing ground and so on throughout the course.

Players starting from any tee other than the first have no right of priority on the course.

12. Players when they have holed out on the green should leave the green at once to avoid blocking those approaching.

13. Turf cut by a stroke should be immediately replaced and pressed down.

27 COUNTIES MEET TAX COMMISSION

(By Associated Press)
Frankfort, Ky., May 10—Twenty seven counties, including Boyle, Henderson, and Madison are cited by the State Tax Commission to show cause why the counties should not be reassessed by reason of the failure of the boards of supervisors to meet the assessment increases ordered by the commission. Warren county, which is also on the list, has indicated it will comply but will be required to show that the order has been complied with.

U. S. MAY HAVE TO PAY BIG ROYALTIES

(By Associated Press)
Washington, May 10—The American government finds itself under revived patents since the treaty with Germany, faced with the necessity of paying royalties which may reach \$5,000,000 to Krupp's firm on patents based on discoveries of American engineers, Thomas W. Millor, alien property custodian, declared today. It is believed in official circles that tracings of the American plans for mobile artillery were surreptitiously removed from the War department and then copied.

"BIG TIM" IS ARRESTED IN CHICAGO

(By Associated Press)
Chicago, May 10—Police today raided the building of the trades labor headquarters and arrested three of Chicago's biggest labor leaders, "Big Tim" Murphy, Fred Mader and Cornelius Shea, in connection with bombings and shootings which early today resulted in the death of two policemen and serious injury to a third. Bombs exploded in two garages. The shooting occurred when policemen attempted to stop the fleeing automobile.

Death of John Masters

Friends were deeply shocked to hear of the death of Mr. John Masters which occurred at his home near Million May 7. He was 78 years of age. He is survived by three sons, Will, Nate and John Masters, all of this county, and three daughters, Mrs. Dovie White, of Illinois, Mrs. Maggie Roberts and Mrs. Reese Coates, both of this county. The family has the sympathy of the entire community in the sad hour of bereavement. Bro. Warner had charge of the funeral services which were conducted at the home of his son, Will Masters, near Million, and burial followed at Newby.

FARM PROFIT OR LOSS ON ONE OR TWO ITEMS

(By Associated Press)
Lexington, Ky., May 10—The difference between making profits or losing money on the farm business often may hinge on one or two points, according to results obtained by the farm management section of the College of Agriculture in studying the difference between profitable and unprofitable farming in various sections of the state.

Two McCracken county farms have furnished striking evidence of what contributes toward profits and what results in losses in the course of the year's run of farm business, according to C. U. Jett, farm management specialist, who is conducting the studies. One of them that contained 208 acres, showed a loss of \$1,449 for a year while the other a 44 1-2 acre farm, produced a labor income of \$725 for its owner during the year besides paying six per cent interest on the investment in land, stock and equipment.

While the average farm study is based on four or five points results in the case of these two farms showed that the difference between profit and loss was determined by two factors. These were the returns from livestock and the operating expenses.

For each \$100 invested in livestock the unprofitable farm returned only \$86 during the year while the profitable farm returned \$22.12 for each dollar invested in the stock. The paying farm also returned more money for each \$100 invested in feed than did the larger farm, the returns in this case being \$192.12 as compared with \$167.25. The feed cost for each animal unit was found to be slightly higher in the case of the profitable farm, but further study showed that the profitable farm obtained a higher return from each productive animal unit than did the unprofitable one. The smaller farm returned \$142.23 while the larger one returned only \$88.41 for each productive animal unit.

Operating expenses for each acre in crops were found to be higher in the case of the profitable farm than they were on the unprofitable farm, but, on the other hand, the operating expenses for each \$100 of income on unprofitable farm were almost twice as much as they were in the case of the smaller farm that paid a profit. The operating expenses for each \$100 income on the unprofitable farm were \$96 and only \$55 on the profitable farm.

Results obtained in the studies are used as the basis for helping farmers change their system of farm management so that the business pays a profit. Other factors which usually enter into the study of profitable and unprofitable farming are the size of the crop yields, labor efficiency and net returns for each acre.

Ford Offers Dodge Position in Plant

Kalamazoo, Mich., May 9—Henry Ford has offered John Duval Dodge, probationer from Kalamazoo circuit court, a position in his Detroit factory, it became known here today. Whether or not Dodge will accept has not been learned. The young millionaire was placed on probation for one year Saturday for possessing and transporting liquor, and one of the provisions of the probation is that he go to work.

COAL PRODUCTION ON THE INCREASE

(By Associated Press)
Washington, May 10—Marked increase in bituminous coal production during the present week is forecast in private advices from coal operators and semi-confidential advices to government agencies in touch with the national miners' strike. Some estimates put the gross production for the current week at 4,700,000, or about 60 per cent of the current weekly consumption, the report says. If present marketing conditions and the attitude of the miners in various districts continues, further increases may be expected next week, the report declares.

BLUE LICK WINS FROM RICHMOND

Blue Lick defeated Richmond in a one-sided contest Sunday at Johnson's park near Berea. Blue Lick had the Richmond team outclassed somewhat. Bowman twirled a nice game and deserved a shut-out. Williams at second did some excellent playing. Only two hits were gleaned by Richmond off Bowman. The final score was 14 to 3.

The second game, Blue Lick against Berea Tigers, was called in the third inning with the score 7 to 3 in favor of Blue Lick.

The Richmond boys say they will give Blue Lick a better game on the Richmond grounds in about two weeks. Blue Lick wants to hear from teams desiring games. Call or write Wm. B. Harris, manager, phone 132—4R Berea, Ky.

Attorney General To Resign

(By Associated Press)
Louisville, Ky., May 10—The Times today says Attorney General Dawson will resign next week and come to Louisville to practice law.

Johnny Jones Opens Main Street Grocery

Mr. John L. Jones, who has operated a grocery store on Moberly avenue, for the past year or so, has moved up a notch in the business world. He has leased the building formerly occupied by Martin's pool room on Main street and will operate a store on the "Piggly-Wiggly" plan. Johnny, as he is familiarly known to his many friends, has been quoting some mighty low prices in his grocery ads in the Daily Register and even though he was many blocks out of the business district, bargain seekers have made a path to his door and now that he is right in the heart of the business section, his friends are predicting for him a wonderful success. Watch for his special ad in later issue.

A. P. STORY OF FEUD FIGHT ON TRAIN

The Associated Press story of the feud fight on the train said: Versailles, Ky., May 10—The Bailey-White mountain feud came to the blue grass Tuesday. There were no casualties except a water cooler and a few bullet holes in a passenger car on the Louisville and Nashville railroad. Jim Bailey, of Knox county, however, was placed in the Jessamine county jail at Nicholasville charged with shooting at William and John White and the latter two are free on bonds of \$500 each on charges of shooting at Bailey. Bailey was released on bond later in the day.

The shooting occurred on the Frankfort-Beattyville train at the Versailles station, just as the train was pulling out.

The White brothers, sons of Beverley D. White, who was shot and killed on April 7, 1921, at Heidrick's Station in Knox county by John Bailey, their mother and sister were enroute to London to attend a law suit.

They placed the women in one of the rear coaches and started into the smoking car. Just as they entered the car, according to the story told by the Whites, they noticed a man slouch down in a seat and start to draw a gun. "Some one shouted, 'look out boys, there's Bailey. He's going to shoot you.'" At this William White crouched and a bullet went over his head and struck a water cooler.

Bailey fired only once. He then jumped to his feet and ran out of the coach through a front door. The White brothers fired two or three shots at him. One shot passed through the clothing of a negro woman in the colored coach, it was said.

Bailey jumped off the train and started east along the track. The train crew stopped and backed into the station where the Whites disembarked and went to the office of Sheriff Frank Bohannon and surrendered. A posse composed of Deputy Sheriff James Lewis and W. B. Cogar, chief of police A. B. Dawson, Captain I. W. Steele and George W. White followed Bailey along the railroad tracks and captured him. He was at once taken to Nicholasville for safekeeping.

The Bailey-White feud has been of many years' duration and has cost perhaps a dozen lives. A quarter century ago Beverley D. White, who had been sheriff of Clay county during the height of feudal fighting in that section, moved to the blue grass in order that he might bring up his children away from the feud. He retained his business interests in the mountains, while maintaining his home in the edge of this city.

In April 1921, Mr. White was in Rochester, Minn., in a hospital. After undergoing an operation he returned to Kentucky, but went to Clay county to look after his business interests. On the way back he encountered John Bailey at Heidrick's Station. Bailey, a mere youth, shot White to death and later was sentenced to life imprisonment by a jury in the Mt. Vernon circuit court.

Jim Bailey, who was implicated in Tuesday's shooting, is a brother of John. He had been to Frankfort on business and was on his way home.

Bailey Gives Bond

Nicholasville, Ky., May 10—James Bailey, of Knox county, a member of the White-Bailey clan, who was lodged in jail here about noon Tuesday on a charge of firing at Will and John White, was released Tuesday afternoon on bond when he was brought before Judge Scott. While Bailey was confined in jail here, he was heavily guarded by Jessamine county officials and special deputies. He was accompanied by his attorney Maury Smith, of Lexington.

Irish Can't Way For Union

BRADLEY HORSES OUTWORK MORVICH

(By Associated Press)
Louisville, Ky., May 10—Morvich, the reliance of the East in the Derby, carrying his full Derby weight of 126 pounds, ran a mile and a quarter the full Derby distance, in a trial here today unplaced in 2:08 1-5. Critics commented favorably. Busy American and Bet Mose, the E. R. Bradley pair, with the same weight and distance, made it in 2:07 1-5. Busy American was in front of Bet Mose half a length all the way. Busy American did not seem to be affected.

BELOVED WOMAN DIES

Mrs. William T. Griggs died at her home on Oak street, Wednesday morning at 5 o'clock, after an illness of several months. She was before her marriage Miss Nannie Embury, was widely connected and highly esteemed and beloved by a large circle of friends. She was of a most unselfish disposition, and the memory of her kindly generous deeds will live in the memory of those with whom she was intimately associated. She was a member of the Baptist church and when in health a most active worker.

Surviving her are her husband, Mr. W. T. Griggs, proprietor of the Madison Drug Store, five sons, Hubert Griggs, of Louisville, Paul Griggs, of El Paso, Texas, Hume and Embury Griggs, of Hazard, and Joe Griggs, of this city, one sister, Miss Sue Embury, and one brother, John Embury, who lives in Oregon.

Short funeral services will be held in Richmond cemetery Thursday morning at 10 o'clock, conducted by Rev. O. O. Green, of the First Baptist church. The sympathy of the community is extended to the grief stricken family in their hour of sorrow.

Dr. Lewis E. Kidwell Reopens Office Here

Dr. L. E. Kidwell, chiropractor, who will be remembered here by a large number of friends he made during his stay in Richmond several months ago, has returned to this city and has taken over his former office which has been used by Dr. Porter, who leaves for new fields of labor. Dr. Kidwell, since leaving Richmond, has enjoyed a splendid practice at Irvine. His return to Richmond will be good news to his friends and the doctor has already opened his office and is welcoming a large number of his former patients as well as a number from surrounding towns.

27 THOROUGHBREDS DIE IN BIG STABLE FIRE

Practically All of Camden's Racing Stable Wiped Out When Lightning Strikes Barn

Lexington, Ky., May 10—Twenty-seven thoroughbred race horses owned by former United States Senator Johnson N. Camden and J. Cal Milam, perished last night at 8 o'clock when fire, caused by lightning destroyed the Milam stable at the Kentucky Jockey Club's Lexington track. The horses lost were valued roughly at between \$300,000 and \$500,000, with little insurance. The building was valued at approximately \$15,000.

Among the horses burned to death in the flaming stable were Senator Camden's Rangoon and Darjeeling, both notable sprinters, now four years which had not started this year, and his Betina, a four-year-old mare by Light Brigade-Ecatarina, which which was entered in the Camden Handicap today.

Mr. Milam's Little Sally, a valuable two year old filly, which ran yesterday afternoon was lost. Senator Camden's two-year-olds principally the get of Peter Quince and Light Brigade, and valuable two year olds owned by Mr. Milam, also perished. Mr. Milam trained all the horses of Senator Camden in addition to those he owned.

Mojava, considered one of the best two years olds in the West, which was the favorite in the Idle Hour Stakes yesterday and ran second to Prince K., escaped but was severely burned and may not be fit for racing. Two fillies by Peter Quince, one out of Sten Pin and the other out of Eden Hall, were rescued. Louis Adair an older racer, also was saved.

Golden Apple, a colt by Light Brigade-Atlanta, owned by Senator Camden, which had started in the Lexington meeting, was reported to have escaped and run away, but had not been captured last night.

Lightning struck the building shortly after eight o'clock. The bolt was seen by a negro night watchman employed by Mr. Milam. The nightwatchman was sitting on the porch of the jockey's house, near the horse barn, and saw the bolt flash during the electrical shower at that hour, and the stable immediately burst into flames.

The nightwatchman gave an alarm and several employees of the stables at the course gave aid.

Track Superintendent J. M. Keegan heard the cries of "fire" and took charge.

The wooden stable was engulfed in flames before the men gathered around it. Seeing that it was only possible to save those horses in the end stalls, Mr. Keegan rushed into the flaming building and while water was being thrown on the walls succeeded in releasing some of the horses. The animals released, screaming wildly, dashed madly from the stalls and into the open, where they were captured.

The frantic screams of the splendid thoroughbreds could be heard for blocks as the horses died in the flames. The remains showing that stalls had been kicked to pieces, gave evidence of the courageous efforts with which some of the most valuable thoroughbreds in the United States met their death.

The flames leaped fully 100 feet above the burning roof and scattered the track and adjoining buildings with cinders and burning wood. Many of the firemen were scorched in the flames and it was impossible, after the roof had fallen, for spectators to go within 35 feet of the scene on account of the extreme heat.

Senator Camden owned 20 of the thoroughbreds and Mr. Milam the remainder.

Railroaders To Help Miners

(By Associated Press)
Houston, Texas, May 10—It is learned today that international brotherhood of locomotive firemen and engineers in session here has before it a proposition to contribute \$50,000 monthly to the United Mine Workers during the miners' strike. The matter is now in the hands of a committee.

900 Cattle Change Hands At Stanford

There were 900 cattle at Stan-
ford's stock yards Monday and
every hoof sold, says the Stan-
ford Journal. Prices ranged
from 5 1-2c to 7c, the latter for
the best yearling and two-year-
old steers. The demand was
good all day, but most of the
sales were made in the afternoon.
Quite a number of mules were
sold, prices ranging from \$82 to
\$150. Horses were slow at any
price. Twelve sheep and 15 ewes
sold for \$180. The crowd was
hardly up to the average and busi-
ness generally was a little slow.

A BIG SURPRISE STATES NURSE

Had To Have Something To Pull
Her Through When Near Col-
lapse From Over-work—Chose
Tanlac and Was Fully Restor-
ed, She Says.

Mrs. A. J. Mercer, 655 Neave
street, Cincinnati, O., a practical
nurse for twenty years, has given
the following interesting state-
ment about Tanlac:

"I suffered a nervous shock
from an accidental death in my
family, then found it necessary to
earn a living for my three chil-
dren. I re-entered the ranks of
practical nurse and worked so
hard I was on the verge of a col-
lapse. My nerves were shattered,
I had no appetite, ate only
from necessity and suffered from
insomnia. My work was a bur-
den and I saw I had to get myself
built up.

"I began taking Tanlac and
improved almost from the first.
It was really surprising the way
I began to pick up. I gained 15
pounds, and my work is much
easier. My son seemed to have
malaria and I gave him Tanlac.
His improvement also was most
gratifying. We got such good
results I am glad to give the
testimonial."

Tanlac is sold by all good druggists.

U. K. SOPHS PLAY

HERE THURSDAY

Eastern Normal will entertain
the Kentucky State Sophomores
with a base ball game on the Nor-
mal diamond Thursday afternoon.
The visitors come with seasoned
players, who are expected to give
Eastern a run for their money.
Hembree will send Welch in the
box against the Sophs. This game
will be a deciding one as the vis-
itors won in foot ball and Eastern
in basket ball. The same team
is expected to start that has hand-
led the last few games. The in-
field will be Stephenson at first,
Lewis at second, Short at short,
and Mainous at third. The out-
field will be chosen from Davis,
Dupaway, Potter and Little
Vandaveer will do the receiving
for Eastern.

This game will be the last one
his week but Eastern will have
her hardest foe here next Tues-
day and Wednesday in Western
Normal. Thursday's game will
be called at 3:30 o'clock.

MADISON HI WINS

ANOTHER GAME

Madison Hi added another
baseball victory to her string on
the Eastern diamond Tuesday
afternoon when she defeated the
Clark County Hi nine by a score
of 7 to 3. The locals outplayed
the visitors and deserved to win.

Madison made only one error
during the game which shows a
great deal of improvement over
past engagement. Madison out-
batted Clark County by two hits.
Hugh Chambers was on the hill
for Madison and pitched his best
game of the season. He struck
at 10 men, walked none, hit
two and allowed only five hits in
even innings, a pretty good record
for a lad pitching his first
year in high school baseball.

The Clark County infield crack-
ed at a critical stage of the game
which aided the Madison bunch
in great deal in scoring. The hill
top boys scored in the first in-
ning. Martin led off with a sin-
gle to center but was out steal-
ing. Blevins sent a long double
to left, took third on Moberly's
out and scored on Lowry's boom
of Reeves' ground ball.

Clark County went into the
lead in the second frame when
Jett led off with a beautiful
rip to right. Lowry was hit
by a pitched ball, stole second
and both scored on Stephenson's
attling single to right. A long
double by Jett and Reeves' wild
throw on the relay was responsi-
ble for the third run of the vis-
itors.

Madison cinched the game in
inning number five when they
scored the same number of runs.
These came as a result of singles
by Reeves and H. Moberly, four
Clark County errors, and a dou-
ble by Bower. J. Moberly's sin-
gle and errors accounted for
the seventh Madison run in the
sixth.

The hitting of Jett was easily
his feature. This lad came up
three times and drove the ball
to safe territory each time, two
of his hits being triples and the
other a double. Madison has
another game the latter part of
the week with Paint Lick Hi at
Paint Lick. The score:

Opening Ball June 1st

At Famous Crab Orchard

Senator J. S. Haselden, presi-
dent of the Crab Orchard Springs
Hotel Co., was in the city Mon-
day. He told this paper that the
Springs would be formally open-
ed for the summer season on
June 1 and on that evening there
would be a big dinner dance. It
will be the opening ball of the
season and nothing will be left
undone that will add to its bril-
liancy and beauty. On June 1,
2 and 3, the State Laundrymen
will hold their annual convention
at the Springs and a great crowd
is expected. Later in the month
the Underwriters of Kentucky
will meet there in annual conven-
tion and later still the druggists.
An effort is being made to have
the editors to meet there again
and we are told there is a strong
probability of the new publisher

doing so this summer. This pa-
per hopes they do. Crab Orchard

D. A. R. Meeting

The meeting of the Boonesborough Chapter D. A. R. on Monday afternoon at the home of Mrs. R. E. Turley was a most enjoyable one. Miss Gibson was joint hostess with Mrs. Turley, and they had planned a most delightful afternoon for their guests in every way. In what ever way the eye turned there were vases of spring flowers to greet the returned travelers, for as Mrs. Caperton said in her never fails to hold one's attention.

opening remarks. The program at least was somewhat in the nature of a homecoming, for the afternoon was given over to what might have been called "Sidelights on Recent Trips." Mrs. Caperton, Mrs. James Neale, Mrs. Lewis Neale having but just returned from the Washington Convention, spoke of their visit to the capital. Mrs. James Neale telling of the beauty of the city, its magnificent buildings, new cathedral, libraries, etc.; and Mrs. Lewis Neale spoke most entertainingly of the many delightful social functions at which they were guests, and honor guests; Mrs. Caperton followed with just a few brief, but interesting remarks. The paper for the afternoon "The Forty-Niners" was splendidly handled by Mrs. Allen Zaring, who is looking for data had sent as far as California and had personally searched as far as Oklahoma, from which place she had just returned. Mrs. Zaring's paper as Mrs. Caperton said in her never fails to hold one's attention.

tion from start to finish. She asked at the conclusion if any present had had friends or relatives who had perhaps gone with these pioneers of '49, and the fact was brought out that Madison county can lay claim to being the birthplace of no less interesting a character than the famous Kit Carson, who, according to Miss DeJarnette, left here on horseback tied on behind his mother, at the tender age of two years to go west and grow up with the country. The program closed with a talk by Mrs. Kellogg, who most interestingly asked if there was any one place more than another of those she had visited recently that some one wished to hear of. The choice fell to Palestine and she took up her time in giving a few of her impressions and experiences while in the Holy Land.

The meeting adjourned to meet in June with Mrs. Lewis Neale, after which a very delicious luncheon was served.

WOMEN OF MIDDLE AGE

A Trying Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Phila., Pa.—"When I was going through the Change of Life I was weak, nervous, dizzy and had headaches. I was troubled in this way for two years and was hardly able to do my work. My friends advised me to take Lydia E. Pinkham's Vegetable Compound, and I am very sorry that I did not take it sooner. But I have got good results from it and am now able to do my housework most of the time. I recommend your medicine to those who have similar troubles. I do not like publicity, but if it will help other women I will be glad for you to use my letter."—Mrs. FANNIE ROSENSTEIN, 882 N. Holly St., Phila., Pa.

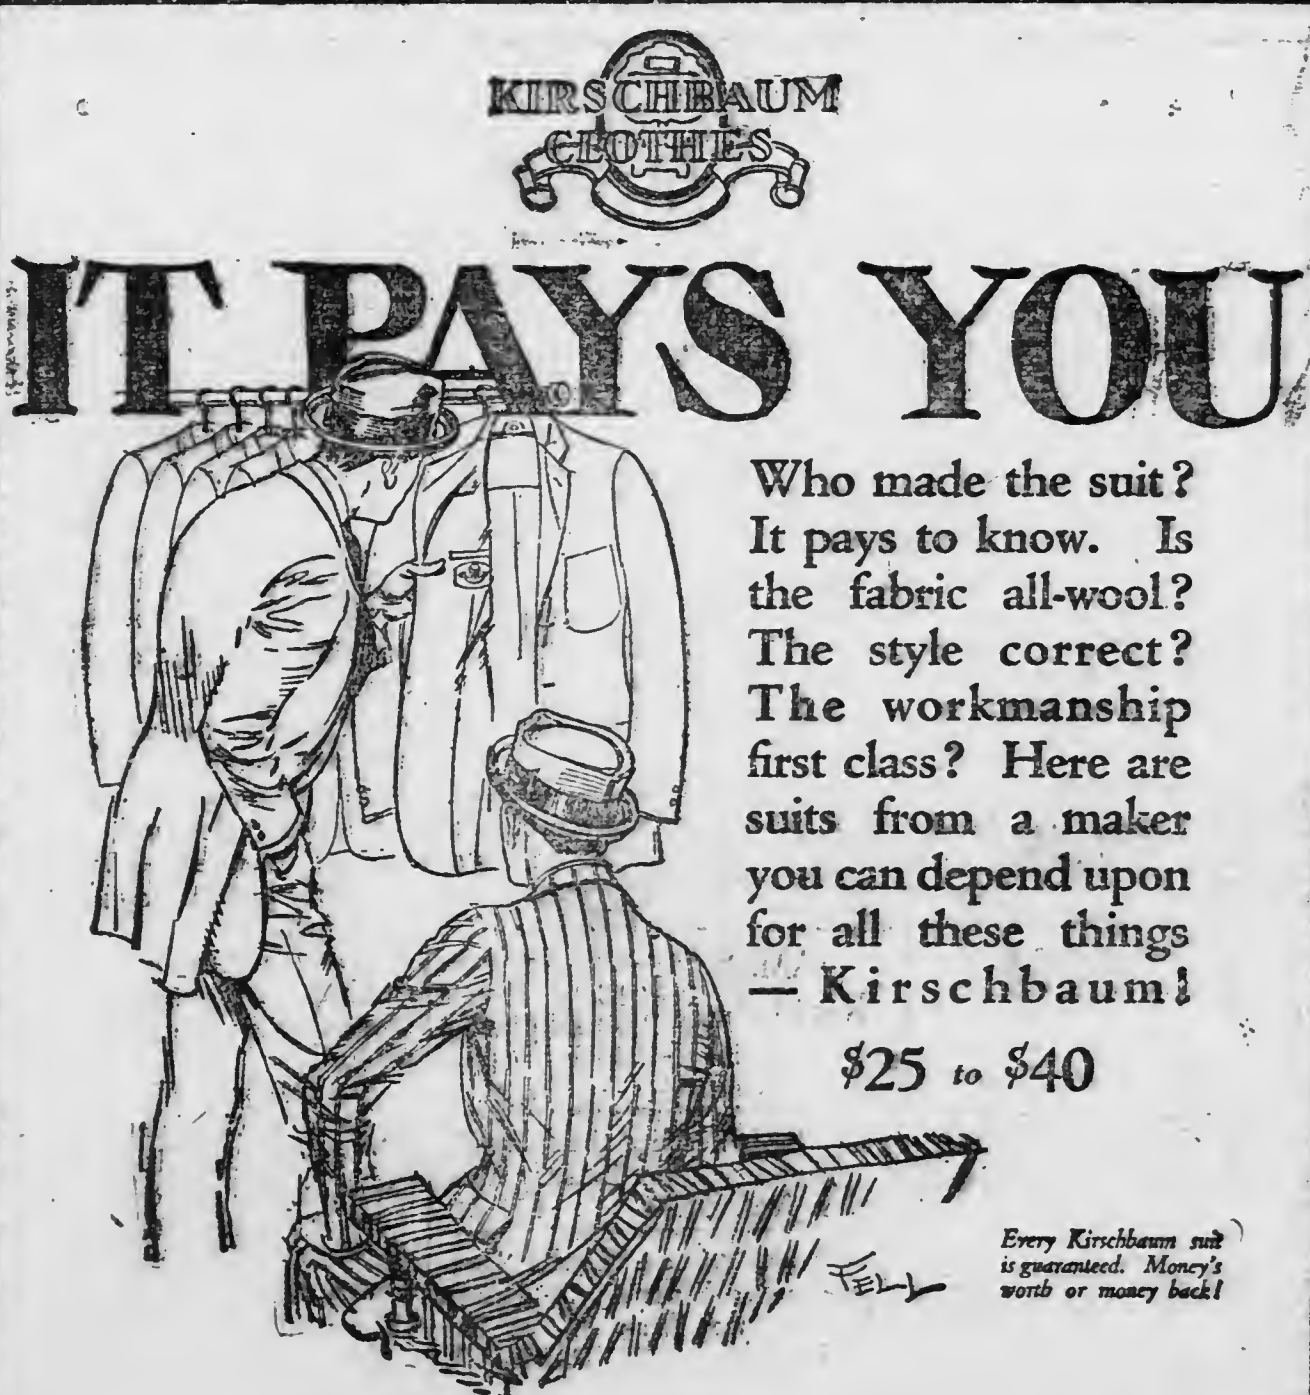

Detroit, Michigan—"During the Change of Life I had a lot of stomach trouble and was bothered a great deal with hot flashes. Sometimes I was not able to do any work at all. I read about Lydia E. Pinkham's Vegetable Compound in your little books and took it with very good results. I keep house and am able now to do all my own work. I recommend your medicine and am willing for you to publish my testimonial."—Mrs. J. S. LAVERNOIS, 2051 Junction Avenue, Detroit, Mich.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

The critical time of a woman's life usually comes between the years of 45 and 50, and is often beset with annoying symptoms such as nervousness, irritability, melancholia. Heat flashes or waves of heat appear to pass over the body, cause the face to be very red and often bring on headache, dizziness and a sense of suffocation.

Another annoying symptom which comes at this time is an inability to recall names, dates or other small facts. This is liable to make a woman lose confidence in herself. She becomes nervous, avoids meeting strangers and dreads to go out alone.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women at this time. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. Let it help carry you through this time of life. It is a splendid medicine for the middle-aged woman. It is prepared from medicinal roots and herbs and contains no harmful drugs or narcotics.

DOUGLAS & SIMMONS

Shelby County Agrees to Tax
Frankfort, Ky., May 10—Shelby county, cited to appear before the State Tax Commission to show cause why the commission should not order a reassessment, will not resist the order of the commission to make a raise of \$3,000,000 in this year's assessment.

County Judge E. T. Pollard told the commission Tuesday the board of supervisors is ready to carry out the instructions of the commission. He said the attitude of the county authorities had been misrepresented and but a small element was inclined to opposition.

Judge Pollard stated, however, that he believed the value of land in Shelby county was overrated and the commission permitted him and the delegation to pro-

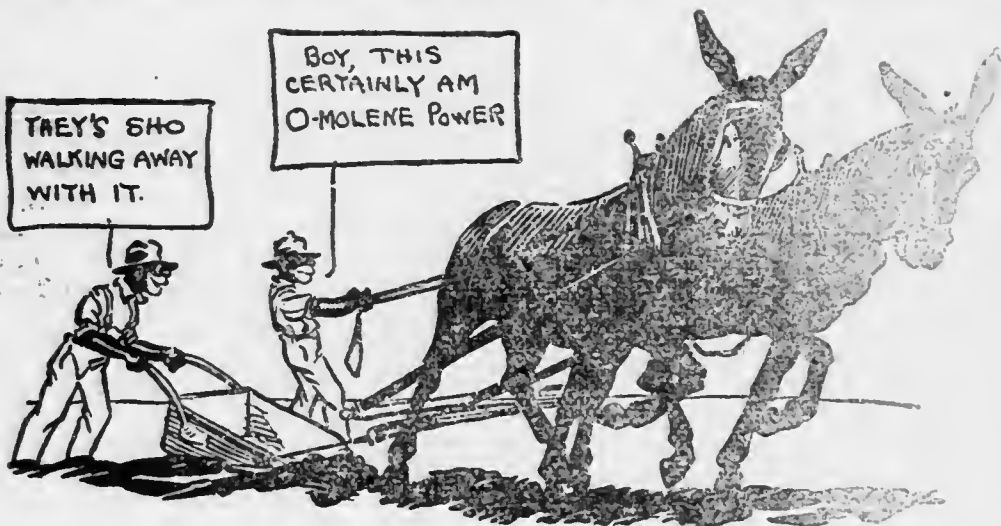

duce whatever evidence they might have that the assessment demanded was too high.

The board of supervisors made a raise of \$1,441,800, which was \$1,858,140 less than the Tax Commission demanded.

Every Ounce of Power Needed

So does other work such as heavy hauling or plowing. But you can't get the most work from your mules and horses unless they are fed right.

What is it worth to you to have your horses or mules in the "pink" of condition. Their skins will be glossy, their eyes bright and they'll stand erect and firm. You get the extra power you need for heavy work.

Thousands of teamsters and farmers everywhere have found that Purina O-Molene feed actually puts horses in just such condition described to haul heavier loads, and it costs no more to feed.

Call up today and learn more about this specially prepared feed. Lots of people you know are using O-Molene feed.

BETTER TIMES AHEAD IN SHEEP INDUSTRY

(By Associated Press)

Lexington, Ky., May 10—Indications point to better times for the sheep and wool growing industry in Kentucky, as well as the nation, according to E. S. Good, head of the animal husbandry department of the Kentucky Agricultural Experiment Station.

"With coarse wool selling 50 per cent higher than they did in 1921 and the price of fine wools 100 per cent above the price for that year," Mr. Good said, "a marked change has come over the industry in the past few months. In addition, farmers have added assurance of receiving full value for their wool by means of their own co-operative selling agencies."

A reduction in the number of sheep in the country together with a heavy demand for fine clothing which in turn created a heavy demand for the finer wools were pointed out by Mr. Good as the principal incentives for a better market for wool in the future.

Farmers in this vicinity last year received 17 and 18 cents a pound for wool while this year is practically certain that they will receive at least 30 cents. Mr. Good said in citing an example of the better prices being paid for wool. The increase in the price of wool is even greater.

So far as the commercial wool in all markets while the finer grades are almost exhausted, he continued.

Wool in the United States, Great Britain, France and Germany is said to be higher than it has been in a year. The supply of fine grades is said to be better than it has been in a year. The finer grades are said to be in better demand than ever before.

TWO MORE OUT OF TENNIS TOURNAMENT

Two others have gone down in defeat at the tennis tournament at Eastern. They are Russell Little and Miss Whalley who were defeated on the courts Tuesday by Robert Harrod and Miss Lutes, respectively. Little fell before the wicked smashes of Harrod in straight sets, 6-4 and 6-2. The work of Bobbie Harrod in the tournament has been very sensational. He has never been pushed in any match but takes all centers with the same ease and skill of Bill Tilden. This left has been a great help to him throughout the contests. It has been the hardest problem for his opponents to solve. None have succeeded in returning it the majority of times it crosses the net. Harrod's serve has also been very puzzling. If he can continue to cover the courts at London as he has been doing here at Eastern, the other representatives had better be on their toes at every stage of the game. Little will be his doubles partner in the Eastern matches. Little also has been playing at a great clip. These two should furnish a stiff battle at the coming matches. Eastern will be represented in the student women's singles by

Miss Phoebe Lutes since she has defeated Miss Whalley 6-2 and 6-3 in their Tuesday's match. Both showed excellent form and will play in the double together. Miss Lutes' hard smashes proved to be the sensation of the match. The last of the series of matches will be played Wednesday afternoon between Messrs. Denniston

Rheumatism at 60

S.S.S. Thoroughly Rids the Body of Rheumatism Impurities.

Somebody's mother is suffering tonight. The source of rheumatism has wrecked her body; limping and suffering, bent forward, she sees but the common ground, but her aged heart still belongs to the stars. Does anybody care? S.S.S. is one of the greatest blood-purifiers known, and it helps build more blood cells. Its medicinal ingredients are purely vegetable. It never deranges the stomach. It is, in fact, a splendid tonic, a blood-maker, a blood enricher. It banishes rheumatism from joints, muscles and the entire body. It builds firm flesh. It is what somebody's mother needs tonight! Mother, if you can not get out to get a bottle of S.S.S. yourself, surely somebody in your family will. Somebody, get a bottle of S.S.S. now! Let somebody's mother begin to feel joyful again tonight. Maybe, maybe it's your mother. S.S.S. is sold at all drug stores, in two sizes. The larger size is the more economical.

How glorious you will feel, mother, when your rheumatism is all gone. Let S.S.S. do it. It will build you up, too!
